Have you had treatment for prostate cancer in the past 12 months?

Our team is currently doing a research study exploring **people's experiences with physiotherapy management in prostate cancer**. We are looking for people who are interested in sharing their experiences.

It does not matter if you have not seen a physiotherapist – we would still like to hear from you.

If you are interested in participating or would like more information, please contact:

For Melbourne based patients

Alesha Sayner
Physiotherapist/Study coordinator
